## AUSTRALIAN GRAPE AND WINE

### CODE OF PRACTICE FOR DISPLAY OF AWARDS

Producers will not use medals, stickers, symbols or other devices on a bottle or soft pack in order to misleadingly convey the impression that the wine has received an award at an open objective and independent competition.

Awards received by an individual wine will bear the year of award and the class description and as a general rule shall only be applied to wines bearing the name under which the exhibit was entered. However, in recognition that a wine could be entered in a show before a wine has been finally allocated to a Brand, portability of an award so that it can stay with the wine which won it shall be permitted. Awards received by a class of wine (i.e. Winemaker of the Year, Most Successful Exhibitor) shall not be used to suggest the individual wine has received any particular distinction. These awards will not be presented on the bottle in the form of a medal. The use of gold, black or gold discs, bronze discs and silver discs to promote anniversaries, events, sponsorship and the like, must not be used. Stickers and symbols or other devices should be sufficiently differentiated from show medals, in terms of shape and/or colour to ensure no confusion.

It is recognised that identification stickers attached to a bottle of wine not intended for resale, such as supplied to airlines, may fall outside the control of the producer. Compliance by a producer (including by subsidiaries or by associated companies,) with this Code of Practice be a prerequisite for entry to any show of which the display of awards or medals are authorised by the AWBC for export to Europe. The Code of Practice will enter into force for all wine produced from the 2006 vintage.

## WINE SHOW AUDIT OF EXHIBITS

The Rutherglen Agricultural Society Inc. is a member of the Australian Society of Viticulture and Oenology, and as the organisers of the Rutherglen Wine Show we support the principles and guidelines of the ASVO for the organising and conducting of wine shows. A portion of every entry fee for the Rutherglen Wine Show goes towards the cost of completing an audit of wines entered in the Show to ensure that all wine exhibits conform to the regulations and exhibit requirements of the Show.

The Audit process shall be as follows:

- Prior to judging and before presentation of awards a random selection of wines entered in the Show shall be tested against the commercially available wine the exhibit represents, to ensure the wine to be judged is as represented and meets the quantity requirement.
  - Following the judging of awards a percentage of medal winning wines shall be audited to ensure that they meet the commercial bottling and quantity requirement at the time of judging as specified in the conditions of entry.
  - In 2019 an audit in accordance with this process was carried out and it was found that all wines audited met the requirements for exhibition and judging. The same process will continue in 2024 so as to ensure all exhibitors are competing in a correctly regulated and monitored environment.
  - The Rutherglen Wine Show is pleased to be able to work with industry in a process of continual development to any issues raised through the EU Agreement.
- THANK YOU TO OUR SPONSORS

The Rutherglen Wine Show Committee would like to extend a warm thank you to our sponsors for their valued support of our Shows. Without your support it would be very difficult to hold our shows and continue with this long-established event. Thank you again for your continued support, and we look forward to working with you into the future.

Kind Regards, Chris Pfeiffer.  
Chair, Rutherglen Wine Show Committee.
